Reading this list, some surprises!

First, Mika Hakkinen, 1998 and 1999 Formula One World Champion with the Team McLaren who lives in the Principality of Monaco and knows perfectly the way between his home and Louis II Stadium.

Hugo, his son who is invited as VIP by the Nazionale Piloti. He spent several year in karting and became successful in France. But in 2015, the young Finn decided to go a different way, and move towards football with the support of his father.

But the surprise returns to Mick Schumacher who takes over the reins from his father, Michael, who particularly appreciated this event and was captain of the team of pilots for many years. Micks is following his father's footsteps and strives for a seat in Formula One.

This year, he is entered in the F3 European Championship in the Prema Power Team.
